DOCKET NO. W-01395A-00-0784

DECISION NO. 64062

H2O, INC. REQUESTS AN EXTENSION
OF TIME TO COMPLY

1 In Decision Nos. 63960 (September 4, 2001) and 64062 (October 4, 2001 the Arizona
2 Corporation Commission ("Commission") approved the extension of the Certificates of
3 Convenience and Necessity ("Certificate") of H2O, Inc. ("H2O") subject to a number of
4 conditions. One condition required of H2O is to file, within two years of the effective date of the
5 Decision as amended, a copy of the developers' Certificates of Assured Water Supply ("CAWS")
6 to be issued by the Arizona Department of Water Resources ("ADWR") for the respective
7 parcels and sections.

8 H2O does not currently have CAWS for all of Parcels 15, 16, 17, 18, part of 22 and all of
9 Section 13 at this date. The ADWR does not permit the current owner of the property with a
10 CAWS to transfer it to a subsequent buyer, and therefore, the current owner, unless they are the
11 ultimate Home Builder has no reason to apply for a CAWS which will be rendered null and void
12 upon transfer of all or part of the property to a subsequent owner.

13 H2O hereby request an extension of two years in which to comply with FINDING OF
14 FACT/ORDER No. 158 in order to acquire the necessary documentation from ADWR to satisfy
15 the requirements under FINDING OF FACT/ORDER No. 158 to the Commission.
16

17 The Commission also ordered H2O to file, within two years of the effective date of this
18 Decision, a copy of its Certificate of Approval to Construct ("CAC") to be issued by the ADEQ
19 for the main extension for the Combs School.
20

21 Since the effective date of this Decision the Combs School has internally solved its
22 requirement for potable water service within its On-Site system and therefore has not proceeded
23 with a request for H2O to provide service to its School facility as was anticipated.

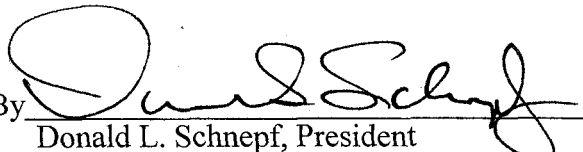

24 We have, however, had recent meetings with the owner of Parcel 22, (Circle Cross Ranch
25 E of RR), adjacent to the Combs School site, wherein he revealed that he was in final stage of
26 structuring a sale of the property to a local homebuilder who intends to immediately begin

1 development of the property. When this occurs it will be necessary to extend the Vineyard
2 (Gantzel) Road waterline extension to a point south of Combs Road to an existing water
3 production well that will be incorporated within the H2O system providing a new source as well
4 as storage and pumping facilities for the Circle Cross Development.

5 H2O hereby requests the commission grant an extension of two years in which to comply
6 with FINDING OF FACT/ORDER No. 159 in order to acquire the necessary documentation
7 from ADEQ to satisfy the requirements under FINDING OF FACT/ORDER No. 159 to the
8 Commission

9
10 RESPECTFULLY SUBMITTED this 11th day of September, 2003.

11 H2O, INC..

12
13 By 
14 Donald L. Schnepf, President
15 41502 N Schnepf Road
